ABOUT ME

I have worked in a variety of different roles in the insurance sector, for both international and local insurance businesses. Working as a consultant for Marsh Advantage Insurance allows me to work in general and commercial insurance, which has always been one of my goals and my passion.

My core concern is client satisfaction. I'm focused on meeting the client's needs, providing cost-effective insurance, and delivering a positive outcome in every situation.

I have a particular interest in small business given my parents own a banana farming business and my husband's family run a wholesale food distribution business.

I am aware that many clients don't have a lot of time to dedicate to insurance. My approach is to take that burden from them and play an active and value adding role in their business.

I want clients to view me as the insurance arm of their business. I adopt a professional and collaborative approach in dealing with all stakeholders. It's all about making it as easy and positive as possible.

Outside work, I love shopping and travelling and I play netball and soccer.
